

Swiney Park

Construction of this park is complete. The construction was under the same contract as for Settegast Park but it was managed seperately including seperate pay applications, inspections and substantial completions.

Improvements included extensive renovation of the existing community building and basketball pavilion, concrete trail and sidewalks, landscaping and irrigation.

Construction of this park is complete. The construction was under the same contract as for Settegast Park but it was managed separatly including separate pay applications, inspections and substantial completions. Construction Management was by another firm through the day of the first substantial completion inspection when CM services were assigned to DAC.
